

Hey trailblazer! Welcome to the Wildflower Trail, follow the map to find twelve tiny murals featuring blooms from all across our beautiful state. From the Native Cotton that grows in the far north to the Star-like Asteridea of the south-east – Western Australia has an amazing collection of native wildflowers and you can see twelve of the best in one little walk around the Town. Enjoy your walk, and be sure to share your photos @lalleuca on Instagram and Facebook!

Do you fancy yourself a bit of a botanist? The names of each species are overleaf. See how many names you can guess, and where they're from before turning the map over!

Did you know that Western Australia is home to over twelve thousand species of wildflowers? It's one of the biggest collections in the world! Lucky us!
